## Method

**Skirt:** for back panel cast on 42 sts. using the invisible cast-on method = 82 sts., then work 4 cm in rib patt.

**Cont as foll:** edge st., \*5 sts. st-st, 2 sts. each rev st-st, st-st and rev st-st, 8 sts. cable A, 2 sts. reach rev st-st, st-st and rev st-st, rep twice from \*, 5 sts. st-st, edge st. At the same time bind off for side shaping at each end 1 st. alt on every 8<sup>th</sup> and 6<sup>th</sup> row 10 times = 62 sts.

When work measures 42 cm K2 tog over sts. 2-3 over each 5 sts. st-st twice = 60 sts. When work measures 54 cm dec 2 sts. over each 4 sts. st-st twice as foll: slip the first 2 sts. onto a CN and leave at back of foll 2 sts., then K1 from front needle tog with 1 from back needle twice. On foll RS row bind off rem 56 sts. Work front panel alike.

**Bodice:** work crossways, starting at left armhole.

For the 8 cm side panels of front and back cast on 11 sts. each twice, P 1 WS row and work 6 rows st-st, then slip sts. of both panels onto a holder.

For center panel cast on 34 sts. using the invisible cast-on method = 66 sts., then cont for 4 cm in rib patt.

Then work the first 10 sts. of one side panel in patt, K last st. tog with edge st. of center panel, P64, K last st. of center panel tog with 1<sup>st</sup> st. of 2<sup>nd</sup> side panel and work rem 10 sts. in patt = 86 sts. altog.

Now K 1 WS row over the 64 center sts., then cont over those sts. as foll: 2 sts. each rev st-st, st-st and rev st-st, 10 sts. cable B, 2 sts. each rev st-st, st-st and rev st-st, 20 sts. st-st, 2 sts. each rev st-st, st-st and rev st-st, 10 sts. cable B, 2 sts. each rev st-st, st-st and rev st-st; work rem sts. on either side in st-st.

After another 4 rows divide work at center and cont over the first 43 sts. for back, slip rem sts. onto a holder. At the same time dec 1 st. at left edge for neck on every 2<sup>nd</sup> row 4 times as foll: work to 5 from end of row, then K2 tog, K2, edge st. Work 26 rows, then inc 1 st. on every 2<sup>nd</sup> row 4 times as foll: work to 3 from neck edge, then make 1 knitwise tbl.

After these 46 rounds slip all 43 sts. onto a holder.

Cont over sts. of front, and at the same time dec at right edge for neck shaping on every 2<sup>nd</sup> row 1 st. 4 times and 2 sts.

3 times as foll: work edge st. and 2 in patt, then slip 1 knitwise, K1 or K2 tog, pass slipped st. over. Work 14 rows in patt, then inc 1 st. on every row 6 times and 1 st. on every 2<sup>nd</sup> row 4 times as foll: on a RS row work 3 in patt, then make 1 knitwise tbl; on WS row work to 3 from end of row, then make 1 purlwise tbl. After these 46 rows slip all 43 sts. onto a holder.

Now work 4 rows over all sts., then slip 66 center sts. onto a holder. Cont in st-st over the 10 sts. on either side, cast on 1 edge st. anew at inner edge on 1<sup>st</sup> row.

After 7 rows bind off all sts.

For welt cast on 34 sts. invisibly = 66 sts., then work 4 cm rib patt, then K 1 WS row. Now graft these sts. to those on the holder.
